

Sumudu Wijeratne

Intern - Data Scientist

Motivated and detail oriented undergraduate with a solid foundation in data analytics, machine learning and software development. Passionate about translating data into actionable insights and exporting innovative AI Solutions. Experienced with Python, MySQL, SQL Server, tools like Power BI and Excel, and libraries like pandas, numpy and matplotlib through academic projects and self-learning. A fast learner and effective communicator seeking a dynamic internship opportunity to gain hands-on experience and contribute meaningfully to real-world challenges.
